Excerpt from The Passing of the Old Order in Europe At the moment I begin this book I see before my eyes two pictures. I see myself on a foggy afternooon, some time in 1915, coming home from the hospital where I worked, and thinking - as I was always thinking, - of the wounded men who were being sent by thousands and thousands to the city (Kief) every day from the front. To me the war seemed a strange puzzle, impossible to comprehend. I could not understand the fighters, I could not understand ourselves who patched thepm up and sent them back to fight. We were all helping to add to the perplexity of this strange situation. We, Russians, were fighting to defend our country, to help the Tsar s government to win a victory; and it was quite probable that we should later hear the Tsar say: You had been protesting! You had been fighting against us before the war! You see now how splendid a victory we have won. Could a bad government win like this?
