# UNDERSTANDING INFORMATION SYSTEMS: WHAT THEY DO AND WHY WE NEED THEM

American Library Association. Paperback. Book Condition: new. BRAND NEW, Understanding Information Systems: What They Do and Why We Need Them, Lee Ratzan, In a world awash in data, information systems help provide structure and access to information. Since libraries build, manage, and maintain information systems, librarians and LIS students are often propelled onto the front lines of interactions between library users and technology. But what do librarians need to know to best meet their patron's needs? What exactly are information...
