## FANTASY FOOTBALL (AMERICAN)

[DOWNLOAD](#)

Alphascript Publishing Mrz 2010, 2010. Taschenbuch. Condition: Neu. Neuware - Fantasy Football is a fantasy sports game in which participants (called 'owners') are arranged into a competitive league, earning fantasy points by using the statistics of real football players. The owners of each league draft real-life American football players, typically from either the NFL or NCAA, filling a roster containing the various offense or defensive positions on a team, such as Quarterback, Running Back, Wide Receiver, and Tight End. Depending on how well the players on an Owner s team do in a given week, the team earns Fantasy Points to compete against the other owners in the league. If a running back rushes for a touchdown, for instance, the running back earned a pre-determined amount of points for that running back s owner. At the end of the season, win-loss records determine league rankings or qualifications into a playoff bracket. Most leagues set aside the last weekends of the regular season for their own playoffs, which determines the league s champion for that season. Fantasy football has become an incredibly popular phenomenon. 108 pp. Englisch.
