Brand New Book ***** Print on Demand *****.Jen Ward, LMT, is a Reiki Master. She is an intuitive, a gifted healer and an innovator of healing practices. She is at the leading edge of energy work; providing a loving segue for her techniques to clients, enabling them to cross the bridge of self-discovery with her. Her passion is to empower the individual in their own healing journey so that they can remain in their center every step of the way. Using this method, she has successfully reunited many lost pets with their owners. Jen currently works as a long-distance emotional release facilitator, public speaker and consultant to high end clientele including celebrities, high end professionals and professional athletes. She also generously shares techniques and daily tapping exercises on social media that are geared to empowering the individual to discover their innate talents and gifts. Enlightenment Unveiled is a compilation of case studies from Jen Wards private sessions where she uncovered core issues from the clients past life memories that are causing disturbances in their present life. The information revealed in the sessions was used to...
